Hawaii ought to be annexed at once. Uncle Sam needs it in his increasing real estate business.

THE afternoon papers of Louisville and Cincinnati are right in line with all other fakirs-issuing sheets in the form of handbills instead of newspapers-which they are not.

IT will snow in August when Br'er CURRAN of The Dover Messenger gets left. Just listen to this:

"Our Navy is as strong as Sampson, SCHLEY as a fox-and what more DEWEY want?"

THE white paper on which The Echo is has increased in price 25 per cent. in the past two months.-London

True, alas too true. But The Echo is too much of a partisan to tell the reason, which is because a Republican robber Tariff Bill passed since McKin-LEY's inauguration, put a practically prohibitive duty on paper and makes trusts possible. Months ago we told of the formation of a monster paper trust and prophesied the outcome. The Gov-The trust gets the 25 per cent. increase of which Bro. DYCHE complains .- Interier Journal.

The Interior Journal ought to tell the truth-if such thing be possible with a Democratic Editor.

The new "robber Tariff" has been in effect since July 24th, 1897, and up to the time war was declared paper was cheaper than it had ever been known.

It has advanced because of the war, and not on account of the Tariff.

to the I. J. if it will point out that particular paragraph in the Dingley Bill that places a "practically prohibitory duty on paper."

Paper stock, from which paper is made, happens to be on the free list in the Dingley Tariff Bill, just as it was in the Wilson Bill.

And the duty on the class of paper used by The Interior Journal amounts without pay. under the Dingley Law to the enormous sum of three-tenths of a cent per

Under the Wilson Law it was 15 per cent. ad valorem.

The Largest Shipment of

Chat Ever Came to Northeastern Kentucky

was received Monday, Tuesday and Wednesday, May 9th, 10th and 11th, 1898, by JOHN I WINTER, THE PRICE FIGHTER. There was 30,000,000 (thirty million) feet in the shipment, and every foot of it is the justly famous Deering Pure Sisal. Every one wants, demands and will have no other twine after once using Deering Pure Sisal. None of us are too old to learn. If your neighbors are using a better article than you are, surely you wish to know it. The demand for Deering Pure Sisal Twine has become so great that we were compelled to this year buy 30,000,000 feet to accommodate the wants of our customers. Now, listen: Every inch of this Twine is tested at a much higher tension than any binder requires in tying, while in feet to accommodate the wants of our customers. Now, listen: Every inch of this Twine is tested at a much higher tension than any binder requires in tying; while in other makes of twine only 100 feet out of every 50,000 feet is tested. Deering Pure Sisal Twine is made of extra long (firsts) strands of Pure Sisal Fiber, which permits of very fine spinning, thus producing more bundles to the pound than any other twine in the world. To make a long story short, I offer the following: Take out a lot of Deering Pure Sisal Binder Twine, try it, and if you don't find that it will bind an acre of wheat with less pounds than any other twine made, if you don't find that it is the strongest twine made, if it is not the best twine that you ever used, you will please return it and every cent of your money will be refunded. Surely, that's fair. You are to be your own judge. Say, I an save you big money on twine. I bought my twine some time since when it was selling below the cost of production. Twine has advanced ever since. I am willing to give my friends and customers the advantage of my judicious purchase. I am selling twine today 1½c. a pound less than the market price. In buying Binder Twine, Farm Wagons, Farm Implements, Mowers, Hay Rakes Self Binders or Furniture it always pays to consult The Price Fighter.

THE DEERING is a safe line to hitch to. In buying a Self Binder one should study the matter carefully and select the best machine. Any make of binder will cut wheat; they all do that; but there is one machine that will cut wheat, rye, oats, barley, millet, bluegrass, timothy, etc. Standing up or laying down flat, long or short, heavy or thin, on level, rolling or hillsides as steep as a roof. This machine is the Deering. Condition of grain or land makes no difference to this matchless hinder. Get your more's worth and binder. Get your money's worth and

Memorial Day in Cave Hill Cemetery. LOUISVILLE, Ky., May 31.-The graves of the federal dead in Cave Hill cemetery were decorated Monday with appropriate ceremonics. An address-was delivered by Prof. Reuben Post Halleck. of the male high school, and patriotic songs were sung by the puoils of the male and female high schools. Preceding the decoration of the graves, the veterans, the sons of veterans, the members of the W. R. C. and the members of the various auxiliary orders in the city formed in parade, and marched to the cemetery and thence to the lot set apart for the federal dead where the ceremonies were solemn and impressive. The parade was one of the longest ever known here on Decoration day.
